

INFORMATION RE SPORTS WEAR

The King's Hospital has changed its sportswear provider from the beginning of the 2013-14 school year. The new provider is AMPROSPORT LTD and supplies the Gilbert/Gray's brand of sportswear.

There will obviously be a transition period as the new sportswear is introduced into the school. At present, the incoming Form 1 students will be fully equipped with the new brand, but it will not be necessary for other students throughout the school to change their sportswear. Students entering the school from Form 2 – 6 should also purchase their sportswear from the new provider.

The previous provider – ARNOTTS – does have remaining stock of sportswear which they are selling at reduced prices (please see the school website – www.kingshospital.ie (downloads page) for details). If you require an item on the sportswear list and Arnotts have no remaining stock in that item, then please purchase the item from the new provider.

AMPROSPORTS have an active website – www.amprosport.ie – from which you can purchase items of required sportswear or they can be contacted in the following manner – PHONE (Michael Wrafter (085) 888 8077 – EMAIL (michael@amprosport.ie). The company will also be in the school at the beginning of the new school year – precise details will be provided soon.
