HM General parent update 5-3-21

Dear Parent and Guardian

We were delighted to welcome back our Form 6 students this week on campus and to be able to support them in person, as they prepare for Accredited Grades and Written Exams in June.

A JCT cluster day that was scheduled for Monday March 8<sup>th</sup> is now postponed to the following academic year so that students do not miss any classtime, remotely or in person.

### **Form 5**

We are now preparing for the return of Form 5 on March 15<sup>th</sup> and will send a further update on that next week, including the timetable.

### **Form 4 TY**

Mr Cunningham has been busy rearranging the TY timetable and we hope that many of the workshops and in-person speaking engagements can take place after Easter, proving a busy Summer term for them. He will be in further contact with students and parents next week.

### **Forms 1-3**

The announcement of the post-Easter return to school date was understandably deflating for the Junior students and the teachers have noticed a small drop-off in engagement. However, with only 3 weeks of term left I would encourage students to remain focussed on their remote-classes and with their homework, as we are on the home stretch. The sport and extra-curricular staff have also been working hard to provide plenty of activities for students throughout the day, helping students to stay connected with staff and fellow students. The latest ECA schedule was emailed out separately.

### **#WorldBookDay2021**

Our librarian Joan Kelly has been running many different programs for students to connect with and as yesterday was #WorldBookDay2021 there were many competitions and activities happening all week:

- Forms 1 & 2 Virtual Book Clubs
- Form 2 [Great Read Awards Ceremony](#)
- Form 4 'Guess the film from the 1<sup>st</sup> page of the book'
- Instagram Competition video reading – guess the book

I do hope you enjoy the weekend ahead.

Yours,

Mark Ronan

Headmaster / Principal
