Top 5 Irish University Destinations for KH students in 2018

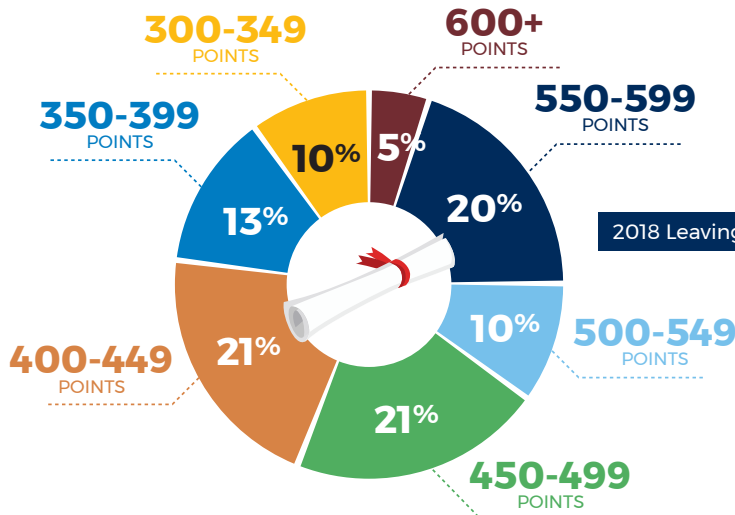

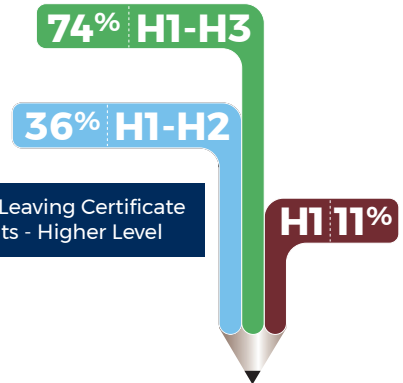

Lydia Boyd (centre), winner of 2018 Business Studies Achievement Award for achieving 1st in Ireland in Leaving Certificate Economics. Also pictured are Mark Ronan, Headmaster (left) and Derek Tucker, Economics Teacher.

WHY ARE ONLY 80% OF OUR STUDENTS REPRESENTED IN THE IRISH LEAGUE TABLES?

Irish League Tables only count students that enter Irish Universities. Every year an average of 17 of our students opt to study abroad in some of the world's top Universities - some on academic or athletic scholarships. In addition, a small group of students opt to take a gap year, deferring their University place until the following year.

In 2018, **97%** of our students entered University or took a gap year.

CAREER GUIDANCE

We have a dedicated Career Guidance Department working in tandem with students on subject selection, guiding them through the myriad of Irish and International University and career options, that best suits their abilities.

As a result, our students are more likely to receive their first choice in third level offers.
