

COLLEGE AWARENESS WEEK

College Awareness Week is a national campaign which aims to promote the benefits of going to college and supports students to become 'college ready'. There are lots of options out there and College Awareness Week advocates for students to have the choice to pursue the course best suited to their interests, abilities and dreams, whether this is a PLC qualification, an apprenticeship or a University degree.

College Awareness Week (CAW) is taking place in The King's Hospital from March 11th to 15th March 2019.

A very important part of **College Awareness Week** is the Careers Evening for all 5th Form to be held between 7pm-9pm on Tuesday 12th March. Over 50 guests from the major Universities and colleges, along with individuals and past pupils will be present at the event to discuss their career/trade, how they chose it and trained for it.

There will be **College Awareness** posters/information displayed in the reception area and individual classrooms.

The Careers Library will be available for students to follow up and research any careers/colleges /apprenticeships they are interested in.
