Urgent information re JC & LC Orals & Practicals

Dear Parent and Guardian

The DES announced this morning that all oral and practical examinations for Junior & Leaving Cert students are cancelled and instead full marks for this part of the examination will be awarded to all. Project coursework deadlines are extended to May 15th.

Some students will be very upset at this news as they had worked really hard to prepare for those impending orals and practicals. Please do check in with your child at home to see how they are feeling.

If they wish to speak to a staff member they can call the main school number on +353 1 643-6500 and leave their details. A staff member will endeavour to return their call today.

We are currently considering all the implications of the DES announcement and will email further information for parents and students.

Yours

Mark Ronan

Headmaster/Principal
