Music & Drama Continuity of Learning

23/03/2020

Dear Parents/Guardians of Music and Drama students,

All Music and Drama students have been emailed to their school account by their teacher in order to continue teaching remotely.

Hopefully this will ensure that if we need to take the RIAM exams digitally/remotely, we'll be prepared.

We have a number of ways of continuing learning:

1. The student can send a video link of them performing their piece to their teacher via email and we will give them notes to work on for the week.
2. We can arrange a live video conferencing session via Zoom, Google Meet or Whatsapp. **PERMISSION FROM PARENTS IS REQUIRED TO DO THIS.**
3. We can set questions for each Grade group for the student to work through on theory or playscripts.

In order for the teacher to receive the student's video work or do a live session, you need to **send the teacher a short email giving your permission.** For live sessions, please ensure that the student uses an appropriate room like a living room or study. Parents are welcome to sit in on the session.

Kind regards,

Kerrie O'Reilly
Head of Arts and Culture.
