Form 1 2020/21 Parent Email 03/07/2020

Dear Parents & Guardians

I hope your child had an enjoyable end of term and got to say goodbye to their school friends in some form. Please find attached an email that went to all returning students this week and outlines some information about the return to school. You will also be aware that an [interim guide to return-to-school](#) was issued by the new Minister for Education, Norma Foley on Wednesday. We are working on many contingencies over the summer to ensure that we are ready for the new term and to ensure a safe learning environment for our students and staff. We await further updates from the DES at the end of July as to the required social distancing protocols.

We are conscious that we have not sent you the A-Z guide on starting school, including information on Sport & Extra-Curricular programs, but as there will be many adaptations to it over the next few weeks we are going to provide a more up to date version in early August.

[Michelle Foley](#) will send you links to online forms next week, that you can fill out and return, and we are also purchasing an excellent guide on the Junior Cycle that you will be able to download and familiarize yourself with over the summer.

However, do not hesitate to get in contact with us over the next few weeks if we can help you in any way. I also remind you that our School Nurses and Counsellor are providing well-being assistance over the summer months to our current students but would be happy to connect with your child, if required. They can be contacted at nurses@thekingshospital.ie.

Kind regards

Sile Jio
